SAFEGUARDING

At Orpington Rovers Football Club, we ask all our volunteers to undergo a Criminal Record Bureau Check (CRB) to protect all the players and the Club – all CRB's are regularly updated.

Gill Bussy is the Club Welfare Officer, however, any member of the Committee is willing to answer your queries or concerns – please see the Club contract list to get in touch.

Orpington Rovers Football Club is committed to protecting all children and adults playing football and we operate a 'No Photographs or Video Policy' at the Home Ground. **The only exception to this is with the approval of both team managers.** Although match reporting is encouraged, it is essential that no player names are mentioned where the individuals can be easily identified, i.e. alongside a photograph.

For information or advice concerning the Club policy, please contact Gill Bussy or a Committee member.
